CONGRESS PASSPORT

Longevity Revolution 2026

11th IASRM World Congress

25 - 27 SEPTEMBER 2026

THIS PASSPORT BELONGS TO

Longevity Revolution 2026

11th IASRM World Congress

*This volume is your programme, your speaker
directory and your record of the congress.
Carry it. Write in it. It is designed to still
be useful long after the 27th.*

ISSUED BY IASRM · NEW DELHI

Founder: Prabhu Chandra Mishra

A MESSAGE FROM THE FOUNDER PRESIDENT

Welcome

It is my privilege to welcome you to New Delhi for the eleventh IASRM World Congress.

When we first convened this field in 2014, regenerative medicine in India was a subject you had to defend before you could discuss it. Twelve years on, seventy-eight faculty from across the world are in this building, and the question has changed. It is no longer whether these therapies belong in practice. It is which of them we can honestly stand behind.

Three days will not settle that. They can move it. Ask the difficult question in the discussion. Bring the case that did not work. Sign the Delhi Resolutions if you believe them, and argue with them if you do not.

Thank you for making the journey. This congress is yours.

◆ ◆ ◆

Prabhu Chandra Mishra

Founder of IASRM, running the Longevity & Regenerative Medicine conferences since 2014

WELCOME

A Working Room

This is the eleventh time we have convened this field. We began in 2014, when regenerative medicine in India was a subject you had to defend before you could discuss it, and held the country's first longevity congress in 2022.

Longevity is now a market as much as a discipline, and the claims have started to outrun the evidence. That is why this congress is built the way it is: talks held to twelve minutes, workshops capped at twenty, and a closing session in which we commit in writing to what this field must prove.

Talks held to twelve minutes. Workshops capped at twenty. A closing session in which we commit in writing to what this field must prove.

THE CONGRESS

At a Glance

78 Faculty in the programme

57 National faculty

14 International, on site

07 International, live online

03 Hands-on workshops, 20 seats each

12 Minutes per podium talk

17 Scientific sessions across two days

FORMAT

Twelve Minutes

Every podium talk is held to twelve minutes and every keynote to twenty. Each session carries four speakers, four chairpersons and twelve minutes of open questions.

The constraint is deliberate. A twelve-minute limit removes the introduction, the institutional slide and the recap, and leaves the finding. It also means the discussion is longer than the lecture, which is where the useful part of a congress actually happens.

IF YOU CHAIR A SESSION

Please hold the clock. It is the single courtesy the next speaker and the whole room depend on.

COFFEE RUNS CONTINUOUSLY · NO FIXED TEA BREAKS

THREE DAYS

The Shape of It

25 SEPTEMBER

Pre-Congress Workshops

Three hands-on workshops, twenty seats each, running in sequence from 2:00 to 8:00 PM. Faculty and delegate dinner 8:00 – 9:00 PM.

26 SEPTEMBER

Scientific Sessions

Six sessions, the guest lectures and the Keynote Forum. Inauguration and lamp lighting 1:00 PM. Evening: awards, convocation and the Gala Dinner.

27 SEPTEMBER

Scientific Sessions

Eight sessions across international, interventional and functional tracks. Closing session, the Delhi Resolutions and the valedictory.

IF YOU ARE PRESENTING

At the Podium

Presentations

To the audio-visual counter on the morning of your lecture, at least two hours before your session. Personal laptops are not permitted at the podium.

File format

PowerPoint (.pptx) or PDF, 16:9, fonts embedded. Supply video files separately.

Timing

Podium 12 minutes · invited guest lecture 15 · keynote 20. Chairs will close the podium on time.

Halls

Speakers and chairs seated ten minutes before the session begins.

IF YOU ARE PRESENTING

On the Slide

Recording

All lectures are recorded for the scientific proceedings and may be published on the IASRM channel. Presenting constitutes consent.

Disclosure

Declare any commercial interest on your opening slide.

Patient material

Written consent is required before any identifiable image, video or case detail is shown.

Claims

No promotion of unapproved products. Say so on the slide where a therapy is off-label or investigational.

Changes

The version displayed at the registration desk is the operative one.

DAY ZERO

25 September

Friday · Pre-Congress Workshops

2:00 · Workshop 1 — Nutritional IV Therapies

4:00 · Workshop 2 — PDO Threads & Devices

6:00 · Workshop 3 — PRP & Exosomes

8:00 PM · Faculty & delegate dinner

Run in sequence, not in parallel · twenty seats each

THE LALIT · BARAKHAMBA ROAD · NEW DELHI

WORKSHOP ONE · 25 SEPTEMBER

Nutritional IV Therapies & Anti-Ageing

2:00 - 4:00 PM · CAPPED AT 20 DELEGATES

CONVENERS

Dr Swagata Baishya · Dr Nasreen Siddiqui

FACULTY

Dr Lenny Da Costa

Nutraceutical IV Therapies in Longevity

Dr Sandeep Bhasin

EBOO & Ozone Therapy in Anti-Ageing & Longevity

Dr Nahla El Awady

Hormones and Longevity

Dr Swagata Baishya

Regenerative Medicine in Ovarian Rejuvenation

WORKSHOP TWO · 25 SEPTEMBER

PDO Threads & Energy-Based Devices

4:00 - 6:00 PM · CAPPED AT 20 DELEGATES

CONVENERS

Dr Neharika Malhotra · Dr Mahima Kak Nagpal

FACULTY

Dr Ljubiša Grujic

Threads & Their Application

Dr Poonam Mishra

Practical Demonstration of Threads

Dr Doaa Saleh

Threads – recorded video demonstration of methods

Dr Nidhi Jha

Radiofrequency & HIFEM in SUI, GSM and Vaginal Laxity

Dr Mahima Kak Nagpal

Pelvic Floor Management

WORKSHOP THREE · 25 SEPTEMBER

PRP & Exosomes

6:00 - 8:00 PM · CAPPED AT 20 DELEGATES

CONVENERS

Dr Sini Venugopal · Dr Manish Mahajan

FACULTY

Prabhu Chandra Mishra

PRP & Exosomes Preparation Methods

Dr Leroy Rebello

Skin and Hair Rejuvenation with Autologous Exosome Therapy

Dr Anna Peca

Impact of L-PRP on fat graft survival in plastic surgery

Dr Neharika Malhotra

Regenerative functional gynaecology – an overview

Dr Noha Salah

Exosomes in vaginal rejuvenation

Dr Suyesha Khanijao

PRP in Lichen Sclerosus

Dr Utkarsha Agarwal

Ovarian Ageing and Female Longevity: Can We Decode and Rewind the Ovarian Biological Clock?

DAY ONE

26 September

Saturday · Scientific Sessions

Registration and welcome coffee from 8:00
Inauguration and lamp lighting at 1:00 PM
Awards, convocation and gala from 7:00 PM

THE LALIT · BARAKHAMBA ROAD · NEW DELHI

DAY ONE · SATURDAY 26 SEPTEMBER

Morning

-
- 8:00 Registration & Welcome Coffee
-
- 8:30 Session 1 · Beyond Borders — nearly-live online
-
- 9:30 Session 2 · The Vulvovaginal Spectrum
-
- 10:30 Session 3 · Regeneration Across Tissues
-
- 11:30 Distinguished Guest Lectures
-
- 12:00 Keynote Forum · Ageing, Regeneration & Intimacy
-
- 1:00 Inauguration & Lamp Lighting · Prof. Parmanand
-
- 1:30 Lunch
-

DAY ONE · SATURDAY 26 SEPTEMBER

Afternoon & Evening

-
- 2:00 Platinum Sponsors Talk · industry session
-
- 2:30 Session 4 · Drivers of Ageing
-
- 3:30 Session 5 · The Functional Medicine Core
-
- 4:30 Session 6 · Regenerating the Female Pelvis
-
- 5:30 Plenary Panel · Longevity, Anti-Ageing & Functional Medicine
-
- 6:30 Rapid Fire Free Papers · six papers, five minutes each
-
- 7:00 Felicitation & IASRM Excellence Award Ceremony
-
- 8:00 IASRM Fellowship Convocation Ceremony
-
- 9:00 Gala Dinner & Networking
-

DAY ONE · SESSION 1 · NEARLY-LIVE ONLINE

Beyond Borders

Surgery, Peptides, Secretomes & Exosomes

8:30 – 9:30 AM

CHAIRPERSONS & PANELLISTS

8:30 – 8:45 AM

Dr Red M. Alinsod

Surgical Overview of Aesthetic Gynaecology

8:45 – 9:00 AM

Dr Adrian Gaspar

Peptide Therapies and Longevity

9:00 – 9:15 AM

Dr Annalisa Calisti

Plasma Secretomes and Applications

9:15 – 9:30 AM

Dr Carolyn De Lucia

Exosomes and their Applications

Delivered nearly-live online from the international faculty.

DAY ONE · SESSION 2

The Vulvovaginal Spectrum

Aesthetics, Pain & Sexual Health

9:30 – 10:30 AM

CHAIRPERSONS & PANELLISTS

Dr Ksenija Selih Martinec · Dr Yukti Wadhawan · Dr Manish Mahajan · Dr Sini Venugopal

9:30 – 9:42 AM

Dr Yogita Gautam

Genital Peel in Perineal Whitening and in Cosmetic Gynaecology

9:42 – 9:54 AM

Dr Nasreen Siddiqui

HIFU and the Future of Regenerative Gynaecology: Collagen Remodelling and Beyond

9:54 – 10:06 AM

Dr Ruchi Tandon

Vaginismus, Vulvodynia, Vestibulitis and Pelvic Pain Disorders – Management

10:06 – 10:18 AM

Dr Madhuri Samudrala

Integrative and Lifestyle Medicine in Intimate and Sexual Health

10:18 – 10:30 AM

Dr Sandhya Vasani

Labiaplasty – Innovative Methods

DAY ONE · SESSION 3

Regeneration Across Tissues

Skin, Endometrium & Pelvic Floor

10:30 – 11:30 AM

CHAIRPERSONS & PANELLISTS

Dr Neeraj Kohli · Dr Swagata Baishya · Dr Nidhi Jha · Dr
Jitender Behera

10:30 – 10:42 AM

Dr Gaurav Narad

Beyond Skin Grafting: Regenerative Medicine in Modern Burn Surgery

10:42 – 10:54 AM

Dr Anna Peca

The Role of Functional Medicine in Regenerative Aesthetics

10:54 – 11:06 AM

Dr Rita Bakshi

PRP in Refractory Endometrium

11:06 – 11:18 AM

Dr Vidya Pancholia

FMS Therapy: Twelve Years of Experience from Incontinence to Vaginismus

11:18 – 11:30 AM · questions and discussion, moderated by the chair.

Distinguished Guest Lectures

11:30 AM - 12:00 PM

CHAIRPERSONS & PANELLISTS

Dr Vidya Pancholia · Dr Narendra Malhotra

11:30 - 11:45 AM

Padma Shri Awardee Dr Manjula Anagani

Regenerative Medicine in Perinatology

11:45 AM - 12:00 PM

Dr Jaydeep Malhotra

Body Shaming: Cosmetic Issues

DAY ONE · KEYNOTE FORUM · 20 MINUTES EACH

Ageing, Regeneration & Intimacy

12:00 – 1:00 PM

CHAIRPERSONS & PANELLISTS

Dr Lenny Da Costa · Dr Manjula Anagani · Dr Ksenija Selih
Martinec · Dr Cosmina Brümmer Le Roux

12:00 – 12:20 PM

Dr Narendra Malhotra

Decoding Ageing – The Future

12:20 – 12:40 PM

Prabhu Chandra Mishra

Regenerative Medicine – PRP, Secretomes & Exosomes: How to Choose in Aesthetic Gynaecology

12:40 – 1:00 PM

Dr Raj Brahmbhatt

Sex, Science & Sweetety

KEYNOTE · 26 SEPTEMBER · 12:20 PM

Regenerative Medicine — PRP, Secretomes & Exosomes

How to Choose in Aesthetic Gynaecology

Prabhu Chandra Mishra

Five preparations sit on the same trolley — LR-PRP, LP-PRP, PRF, SVF and MFAT, and the conditioned media sold as exosomes. They are not interchangeable, and the literature that supports one does not transfer to another.

The lecture works through composition, dose and the six preparation variables that decide what is actually in the syringe, then gives an indication-to-modality matrix, the evidence tier for each, and the consent and claims language that has to accompany them.

TWENTY MINUTES · KEYNOTE FORUM

26 SEPTEMBER · 1:00 – 1:30 PM

Inauguration

*Lamp lighting and the formal opening of the 11th IASRM
World Congress.*

GUEST OF HONOUR

Prof. Parmanand

Vice Chancellor, Sharda University, Agra

THE KEYNOTE FORUM PRECEDES AT 12:00

Dr Narendra Malhotra

Decoding Ageing – The Future

Prabhu Chandra Mishra

PRP, Secretomes & Exosomes

Dr Raj Brahmbhatt

Sex, Science & Sweety

*Lunch 1:30 – 2:00 PM. The Platinum Sponsors Talk opens the
afternoon at 2:00 PM.*

DAY ONE · SESSION 4

Drivers of Ageing

Markers, Hidden Infections & Mind–Body Biology

2:30 – 3:30 PM

CHAIRPERSONS & PANELLISTS

Dr Doaa Saleh · Dr Anjali Hooda · Dr Janira Kumari · Dr
Neharika Malhotra

2:30 – 2:42 PM

Dr Kumudhini Subramanian

Exosomes – Hype and Science in Skin and Hair Restoration

2:42 – 2:54 PM

Dr Kalpana Shekhawat

Latent Infections: The Overlooked Dimension of Chronic Diseases

2:54 – 3:06 PM

Dr Samatha Tulla

Integrating Multiomics and Longevity Medicine to Extend Healthy Lifespan

3:06 – 3:18 PM

Dr Sanjay Sachdeva

Your Body Listens to You: How Thoughts Change Your Longevity Biology

3:18 – 3:30 PM · questions and discussion, moderated by the chair.

DAY ONE · SESSION 5

The Functional Medicine Core

Biomarkers, Peptides & Gut Health

3:30 - 4:30 PM

CHAIRPERSONS & PANELLISTS

Dr Sanjay Sachdeva · Dr I N Prathyusha · Dr Sini Venugopal · Dr
Saurabh K Gupta

3:30 - 3:42 PM

Dr Arjun Dang

The SAMOSA Framework: Personalising Longevity Through Biomarkers

3:42 - 3:54 PM

Dr Anjali Hooda

Peptide Therapeutics in Longevity and Anti-Ageing

3:54 - 4:06 PM

Dr Vishakha Shivdashani

Gut Health and its Role in Longevity

4:06 - 4:18 PM

Dr Lenny Da Costa

Functional Medicine Framework: Restoring Balance and Resilience

4:18 - 4:30 PM · *questions and discussion, moderated by the chair.*

DAY ONE · SESSION 6

Regenerating the Female Pelvis

GSM, Endometrium & Ovary

4:30 – 5:30 PM

CHAIRPERSONS & PANELLISTS

Dr Raj Brahmabhatt · Dr Swapnita Hota · Dr Manjula Anagani ·
Dr Yogita Gautam

4:30 – 4:42 PM

Dr Poonam Mishra

Cosmetic Gynaecology – Is It a Need for Everyone?

4:42 – 4:54 PM

Dr Ragini Agrawal

GSM, Lichen Sclerosus and Vaginal Atrophy – A Novel Approach to Management

4:54 – 5:06 PM

Dr Manish Mahajan

Autologous Bone Marrow Stem Cells in Asherman Syndrome, Endometrial Regeneration and Premature Ovarian Failure

5:06 – 5:18 PM

Dr Lila Vyas

Beyond the BMI: From Weight Management to Pelvic, Vaginal and Sexual Wellness

5:18 – 5:30 PM · questions and discussion, moderated by the chair.

26 SEPTEMBER · 5:30 - 6:30 PM · PLENARY

The Panel

Longevity, Anti-Ageing & Functional Medicine

MODERATOR

Dr Narendra Malhotra

CO-MODERATOR

Dr Swagata Baishya

PANELLISTS

Dr Vandana Bansal

*Questions from the floor are taken throughout. Rapid Fire Free
Papers follow at 6:30 PM.*

EVENING OF 26 SEPTEMBER

You Graduate

6:30 PM

Rapid Fire Free Papers

Six papers, five minutes each, selected by the Scientific Committee.

7:00 PM

IASRM Excellence Awards

Felicitations and the award ceremony.

8:00 PM

Fellowship Convocation

Fellows of the Stem Cell & Regenerative Medicine and the Anti-Ageing, Regenerative, Aesthetic & Functional Medicine programmes are conferred in person, on stage.

9:00 PM

Gala Dinner

Networking until 10:30 PM. Referral names are read here.

DAY TWO

27 September

Sunday · Scientific Sessions

Eight sessions from 8:00 AM
The Delhi Resolutions at 4:30 PM
Handover to Longevity Revolution 2027

THE LALIT · BARAKHAMBA ROAD · NEW DELHI

Beyond Dry Eye: Clinical Applications of Autologous Exosome Therapy in Ocular Regeneration

4:15 – 4:30 PM

Dr Rashmitha Valmiki

Beyond TSH: A Personalised Approach to Hashimoto's in Longevity Medicine

27 SEPTEMBER · CLOSING SESSION

The Delhi Resolutions

A ten-point consensus statement on the evidentiary obligations of regenerative and longevity medicine – debated in open session, amended, and signed.

- 01 Name the preparation, not the category
- 02 Report dose, characterisation and process
- 03 Enter your cases in a registry
- 04 Define the outcome before the intervention
- 05 Consent that tells the truth
- 06 Publish what failed
- 07 Biological age is a research instrument
- 08 Competence is assessed, not attended
- 09 Extra caution where hope is greatest
- 10 The ten-year proof obligation

Delegates present may subscribe. Signatories are named in the published document.

ANNOUNCED AT THIS CONGRESS

The IASRM Registry

The IASRM Regenerative Longevity Registry opens here. Delegates are invited to enrol their centre as a founding participant, named in the published protocol.

- ◆ Consecutive cases, not selected ones
- ◆ Preparation, dose and characterisation recorded
- ◆ Outcomes at baseline, 3, 6 and 12 months
- ◆ Your practice becomes evidence

FOUNDING CENTRE NO.

OPEN CALLS

Take Part

The Null Session

Bring the case that did not work. Negative results, non-responders, protocols abandoned and why. Submissions close 10 September.

Ask the Faculty

Submit a live clinical problem with your registration. Selected cases are taken up by the panel on stage.

Refer a Colleague

Tell us who you sent. Names are read at the Gala Dinner on the 26th.

The Registry

Enrol your centre as a founding participant before you leave.

TRAINING AFTER THE CONGRESS

IASRM Fellowships

Fellowship in Stem Cell & Regenerative Medicine

Stem cells, PRP, exosomes, secretomes, nanofat and SVF – preparation, characterisation and delivery, taught hands-on.

Fellowship in Anti-Ageing, Regenerative, Aesthetic & Functional Medicine

One year, hybrid. Five curriculum pillars across thirty-seven modules, sixteen days of hands-on sessions in New Delhi, and a mandatory original research paper submitted to a peer-reviewed journal.

BOTH PROGRAMMES INCLUDE

- ◆ Faculty drawn from across the world
- ◆ One-to-one mentorship, not lectures alone
- ◆ Assessed competence, not attendance
- ◆ **Conferred on stage at the Convocation on the 26th**
Prospectus and applications through the Secretariat. The Master's Class overleaf runs 28 – 30 September.

28 - 30 SEPTEMBER

Master's Class

Regenerative Longevity & Functional Medicine

Three further days of structured, small-group teaching immediately after the congress — for physicians building a longevity practice rather than sampling one.

ACROSS THE THREE DAYS

Assessment, biomarkers and the longevity consultation

Biologics: preparation, dose and documentation

Peptides, hormones and metabolic protocols

Building the practice — consent, claims and follow-up

Limited intake. Applications through the Secretariat.
